SPS Spare Parts Price List

General Information

Minimum order \$50. \$100 charge on orders placed for same day shipment (if available).
Refer to Section A for complete terms and conditions.

General Order Information

For all order and/or shipping inquiries, please contact your order Customer Service Representative. We will fax order acknowledgments and/or proforma invoices within 24 hours (this may take longer if the order information is incomplete). Customer orders with wire transfer terms will be scheduled to ship within 14 days after receipt of bank confirmation unless otherwise notified.

The Minimum Order is \$50.

Terms

Delivery

1. Standard product lead-time is three (3) working days after receipt of your purchase order. A rush fee of \$100.00 will be added to orders placed for same day shipment (if product is available); order must be received before 1:00 p.m. warehouse time.
2. Terms of shipment are FOB shipping point. Delivery may be from multiple manufacturing facilities. Please contact your Customer Service Representative for questions regarding shipment of your order. Shipments will be made by ground transportation unless an alternative shipping method is specified on the purchase order. Title and risk of loss will pass on delivery to the carrier. Zebra Technologies International, LLC will not be liable for shipment delays of any kind beyond its control.
3. Drop shipments can be made to US and Canada destinations only. Drop shipments are not available to Europe, Africa, Asia, Australia, or Latin America.

Pricing

1. Zebra Technologies International, LLC reserves the right to change pricing at any time without prior notice. This price list supersedes all previous price lists.

Payment

2. Payment must be made in advance by one of the following methods: bank transfer, credit card payment or an acceptable letter of credit when standard terms are not used.
2. Standard terms are net 30 days **for approved customers only**. The reseller can only obtain net 30 credit terms after the credit department has approved the reseller's credit application. Allow up to two (2) weeks from Zebra Technologies International, LLC receipt of the credit application for credit approval. Zebra Technologies International, LLC reserves the right to set the maximum credit limit of reseller's credit line, and Zebra Technologies International, LLC reserves the right to discontinue resellers net 30 terms at any time.

Warranty Information For Zebra Bar Code Spare Parts and Printheads

Bar Code Printer Spare Parts Warranty

All maintenance parts, maintenance kits and option kits are warranted to be free of defects in material and workmanship for 90 days (except where otherwise denoted) from date of purchase. This warranty becomes void if the item is modified, improperly installed or used, or damaged by accident or neglect.

Bar Code Printer Accessories Warranty

Accessories will be covered for out-of-box failures only. Defective product must be returned to Zebra for full evaluation. Batteries are warranted for 90 days from the date of purchase. Chargers are warranted for 12 months from the date of purchase.

Bar Code Printer Printhead Warranty

Since printhead wear is part of normal operation, the original printhead is covered by a limited warranty. Warranty for Barcode label printer printheads are for six (6) months. Warranty period begins on purchase date.

To qualify for this warranty, the printhead must be returned to the factory or to an authorized service center. Customers are not required to purchase Zebra supplies (media and/or ribbons) for warranty qualification. However, if it is determined that the use of other manufacturer supplies has caused any defect in the printhead for which a warranty claim is made, the user is responsible for Zebra's labor and material charges required to repair the defect. The warranty becomes void if the printhead is physically worn or damaged; also if it is defect in the thermal printhead for which a warranty claim is made.

Refer to the product user's manual for complete warranty information.

General Information

Minimum order \$50. \$100 charge on orders placed for same day shipment (if available).
Refer to Section A for complete terms and conditions.

Return Policy

3. Non-media items may be returned within the first thirty (30) days after receipt, subject to a restocking fee of 15%.
4. Stock media items may be returned within the first thirty (30) days after receipt, subject to a restocking fee of 15%.
Non-stock media items are non-returnable & non-refundable.
5. All returns must be authorized by obtaining an RMA number from Technical Support (technical failures), your Customer Service Representative (shipment problems), or the RMA department (by prior agreement only). Return of product will not be accepted unless the RMA number is clearly marked on the outside of the box. **Any product received without an RMA number will be returned to sender.**

12	The platen drive belt design for 170PAX4 printers has been improved. The new platen drive belt is wider than the previous platen belt and has a different tooth pattern. 170PAX4 Printers with Serial numbers greater than or equal to 05C07230006 were built using this new platen drive belt, therefore kit 14196M can be purchased for platen drive belt replacement. 170PAX4 printers with serial numbers less than 05C07230006 can only purchase platen drive belt kit 14196M after first installing kits 43767M or 43766M, which contain the new platen and intermediate pulleys that work in conjunction with the new platen belt design. 43767M and 43766M also contain the new platen drive belt.				
	Kit Improved Platen Drive Belt for 110PAX4, 170PAX3**&4** **after pulley upgrade	14196M	\$30.00	1	✓

	The platen drive belt design for 170PAX3 printers has been improved. The new platen drive belt is wider than the previous platen belt and has a different tooth pattern. You can purchase platen drive belt kit 14196M only after first installing kits 43767M or 43766M, which contain the new platen and intermediate pulleys that work in conjunction with the new platen belt design. 43767M and 43766M also contain the new platen drive belt.
